Additional Terms and Conditions

Your APR Can Fluctuate

Your APR is variable and may increase or decrease monthly. The Purchase APR and Balance Transfer APR are determined by adding a margin of 6.74% to 17.74% to the Prime Rate. The Cash Advance APR is determined by adding a margin of 17.74% to the Prime Rate. For each billing period, we use the Prime Rate published in The Wall Street Journal ten (10) business days prior to your statement closing date. If The Wall Street Journal does not publish the Prime Rate, we may substitute a similar published rate. A change in the APR due to a change in the Prime Rate takes effect as the first day of the billing period for which we calculate the APR. We apply the applicable APR to any existing balances, subject to any promotional rates that may apply. If the Prime Rate increases, it will increase the APR and interest charges on your Account, and it may increase your monthly payment. Your APRs may also be subject to applicable state rate caps.

Terms of Your Account May Change

We may change the terms of your account as permitted by law. If we change any of these terms, we will notify you in advance as required by law.

These new products and services may have different APRs, fees and other terms. We will provide any different terms when we make you the new offer, and you may accept or decline any such offer.
